

Dear Parents:

In our classroom, we have been learning about the five senses. We have been learning about our world by using our eyes, nose, ears, hands and mouth.

Please ask your child to tell you about what they find around your home using the five senses of sight, hearing, tasting, feeling and smelling. Attached is a sheet that will help you record your child's observations. It is a time to celebrate your child's favorite senses around their home!

Thanks for filling in the attached sheet and returning it to school. We will share together as a class what the children found in their homes.

Sincerely,
